1. The DDR has no reserve stock of rubber and Buna and is not likely to acquire one. There is a small reserve of used rubber which is constantly being drawn upon by the SAGs and never exceeds 1,200 tons. This will also be lost to the DDR since, on 10 November 1950, Schmidt of the SAG Central Administration notified the MIAM Innere Reserve Office that in the new year the SAGs would be taking all the remaining stock.
